## SUMMARY

---

I am truly passionate about pursuing a career in Digital Marketing. Ever since I was a child, it has been my dream to become a Digital Marketer. While my educational background is in a different field and I don't hold a college degree in Digital Marketing, I have a deep understanding of the industry and possess valuable skills in this area. After completing my 12th standard, I was directed into a Diploma in Pharmacy. However, my heart isn't in Pharmacy, and I strongly believe in following one's passion. Digital Marketing is where my interests lie, and I have already obtained a Certification in Digital Marketing to further enhance my skills. I am confident that with my dedication, knowledge, and certification, I am well-prepared to embark on a successful journey in Digital Marketing. Enthusiastic about digital marketing with certifications from Google and LinkedIn. Skilled in Google Ads, social media marketing, SEO, and email marketing. Eager to apply knowledge and drive results in the digital marketing field.

## EXPERIENCE

---

I am a fresher. I am looking for my 1st digital marketing intern job. I have completed the digital marketing course on Google, LinkedIn and HubSpot. I also have certification. I am still learning, I will continue to learn, improving my skills, abilities, and knowledge and moving forward with practice. I believe that one should keep learning throughout life.
